EMPLOYMENT SUPPORT AND JOB SEARCH FOR ADULTS WITH PSYCHIATRIC DISABILITIES

The SEES and WET programs provide a wide range of education and employment supports for clients with psychiatric disabilities. Once our clients have entered the classroom or the workforce, we provide on-going support to help them deal with the symptoms of mental illness that may have prevented them from maintaining their employment. This provides them with the greatest chance of success in pursuing their goals.

The SEES and WET Programs Help Adults with Psychiatric Disabilities Achieve Their Employment Goals

“THE SERVICES HELPED ME
ACHIEVE MY GOALS. THE STAFF
IS FRIENDLY, PROFESSIONAL
AND HELPFUL. THE PROGRAM
OFFERS A WIDE VARIETY OF
RESOURCES THAT HELPED ME.”

Support for Adults with Psychiatric Disabilities Seeking Employment or Pursuing their Education

FOR CLIENTS SEEKING EMPLOYMENT

SEES helps clients to evaluate their job readiness, provides career coaching, résumé building, vocational assessment, employment preparation, job development, job placement, job coaching, and referrals to benefits counseling.

WORKPLACE SUPPORT AND RESUME BUILDING

Once a job candidate has been hired, SEES also provides support for both the employer and the employee. Our job coach will accompany employees to their jobsites and provide support until the employee is able to successfully integrate into a new position. We work with both the candidates and the employer to create a successful work experience. We provide ongoing support to help our candidates deal with the symptoms of their disabilities that may affect employment situations.

THE WORKFORCE EDUCATION AND TRAINING PROGRAM

Interim's Workforce Education and Training Program (WET) supports clients and family members who are interested in working in the public mental health system. WET services include support groups and training for program participants working in the mental health system. Training is also provided to supervisors and other staff who are working with clients or family members as co-workers.
