Marina Kai Apartments Groundbreaking Celebration!

Interim, Inc. invites you to celebrate the groundbreaking of Marina Kai Apartments, a new permanent supportive housing community in Marina.

Marina Kai will provide safe, affordable housing for very low-income adults living with serious mental illness who are homeless or at risk of homelessness. The three-story development will include 23 studio apartments, one resident manager unit, shared community spaces, and on-site support offices.

Join us as we recognize the partners, supporters, and community members whose commitment has helped bring Marina Kai from years of planning into construction.

Parking: Limited street parking is available near the site. Guests may need to park in the surrounding neighborhood, so please allow extra time for arrival.

Questions: Call (831) 649-4522, ext. 205, or email development@interiminc.org.

About Interim, Inc.: Our mission is to provide services and affordable housing supporting members of our community with mental illness, to build productive and satisfying lives. We offer a wide variety of housing and supportive services programs that support more than 2000 clients each year using a strength-based social rehabilitation model.
